

Seminar on Minimum Wage Ordinance

We have much pleasure to have invited the Chief Labour Officer of Labour Department to brief us on the provisions of the Minimum Wage Ordinance (MWO) on 28 March 2011 at Leighton Room of Craigengower Cricket Club.

With the ratification of \$28 as the hourly rate for the initial statutory minimum wage by the Legislative Council in January 2011, no seminar is more appealing to the community than a topic on the minimum wage, given the substantial interest on the associated issues surrounding the implementation of the minimum wage by the community.

It is a superb opportunity for our members to understand more about the provisions of the MWO and their application and implementation.
